

## AP United States History

---

### Slavery (continued) and Conflict with Natives

- Colonial Slavery
  - 1662: Slave Codes
    - Made blacks and their children property (chattel) for life of white masters
    - Sometimes illegal to teach a slave to read/write
  - Stono Rebellion of 1739 in South Carolina
    - Catholic governor of Spanish Florida instigates by promising freedom to slaves
- Conflicts with Native Americans
  - European colonization caused a cultural conflict with the Natives
    - This intensifies overall conflict between colonizers + Native Americans
  - Beaver Wars/Iroquois wars
    - A war between the Huron and Iroquois supported by France and Dutch respectively
      - Example of a proxy war
    - Iroquois wipe out Huron
  - Religious Conversions
    - Puritans want to convert Wampanoag peoples to Christianity, causing King Philip's War
      - Wampanoag essentially wiped out
  - Pueblo Revolt led Spanish to accommodate for Native American culture
    - Led by shaman Popé, kills 400 Spaniards + expel 1500 colonists
    - Though Spanish regain town, Pueblo negotiated with Spanish for better treatment
    -
